UNIVERSITY OF HAWAII

HONOLULU, HAWAII, MAY 18, 1927.

NO. 32.

## UNIVERSITY STARTS VISUAL EDUCATION DEPARTMENT, 1927-8

**Motion Films and Slides  
Will be Circulated  
Locally**

## ARMSTRONG TO DIRECT

**Now Getting Collection of  
Excellent Pic-  
tures**

A visual education department will be started at the University of Hawaii this fall, according to an announcement made by the President's Office this week.

This department will take charge of educational films and slides which will be circulated among the public schools and the plantations of the territory.

### Armstrong in Charge

Fred Eugene Armstrong, professor of agricultural education at this university, who has been making a study of visual educational projects, will be in charge of this work next year, according to President Crawford.

Professor Armstrong is going to the mainland during the summer months to attend a conference of the Federal Vocational Board. While on the mainland he will make it a special point to study at first hand various visual educational projects, so that he may put the University of Hawaii project on the best possible basis.

### Getting Collection

The university is now obtaining a collection of excellent films and slides, and is intending to continually add to the present collection, by purchasing and renting other films and slides.

President Crawford has received letters from practically all the high schools and from many of the elementary schools and plantation companies, asking that such a visual education project be carried through, and promising cooperation in the work.

## Edmondsons Entertain Professors On Friday

Dr. and Mrs. Frederick G. Krauss, Dr. Richard Wrenshall, and Prof. Irving O. Pecker, were guests of honor at the dinner given by Prof. and Mrs. Charles H. Edmondson Friday night at their home on Vancouver highway.

The occasion was a farewell dinner to these professors who are leaving soon after the close of the college year.

Other guests in the party were President and Mrs. D. L. Crawford, Dean and Mrs. Arthur L. Andrews, Dean and Mrs. Arthur R. Keller, Prof. and Mrs. Tasuku Harada, Dr. and A. L. Dean, Prof. Frank Dillingham, Prof. and Mrs. Louis A. Henke, Mrs. Martha E. Brown, and Miss Minnie Chipman.

## Mr. and Mrs. Rugh Will Be Honored Saturday

Mr. and Mrs. Dwight Rugh, who will leave for the mainland on June 10, will be honored by Shih Po, junior at the university, at a farewell party to be given this Saturday evening at the home of Mung Yee Yap on Kewalo street. A large group of university students and friends has been invited to bid farewell to Mr. and Mrs. Rugh.

Mr. and Mrs. Dwight Rugh plan to go to Yale university where they will spend the next two years in advance study in Y. work.

## Will Sail For Mainland Soon After Graduation

Miss Margaret Black, a senior, sails for California two days after her graduation. Miss Black says this will be her first trip away from Hawaii and she is anticipating a new and exciting experience.

## Executive Committee

### Chosen For 1927-1928

**H. W. Ching, P. Smith, Miss  
Pearce, R. Rice  
Elected**

Hung Wai Ching, Percy Smith, Miss Gladys Pearce, and Richard Rice were chosen to serve on the A. S. U. H. executive committee for 1927-8 at the annual elections held last Friday.

Ching polled the highest number of votes, taking 202. Smith carried 181, Miss Pearce took 173, and Rice carried 156.

### Livesay Is Re-elected

Prof. Thayne M. Livesay was unanimously re-elected as faculty adviser to the committee, polling 294 votes.

Others who ran for positions on the executive committee all polled over 100 votes each, J. Stowell Wright missing election by a mere five votes.

Wright carried 152 votes, while Richard Weight took 120, Miss Alice Denison polled 116, and Joseph Gerdes took 110.

## Union Guests Discuss

### University Problems

Hawaii Union held its regular meeting last Thursday evening at the home of Prof. J. M. Baker. There were several guests, who were asked to speak on the general topic of "How can the University of Hawaii be improved next year?"

Much interesting discussion was brought out by the visitors, among whom were W. Arioli, Joe Gerdes, H. W. Ching, K. Hayakawa, and Chitoshi Yanaga.

### President's Club?

A suggestion worthy of note was made by Ching, who advocated the forming of a President's club, with all the presidents of various organizations as members. This, Ching held, would make possible better cooperation on various university matters.

It was also suggested by one of the visitors that some other "loafing place" be found to take the place of the front lanai of Hawaii Hall, which he felt was not the proper place for the students to pass all their spare time.

### Annual Banquet

Preparations for the final Hawaii Union dinner were made, and it was decided to hold the affair at Palm Lodge, Saturday evening, May 21. This dinner is an annual affair with the union, and is used to "wind up" the year's activities.

## Luquiens Plans Trip Home During Summer

Huc-Mazelet Luquiens, instructor in art, plans to take a summer trip to his home in New Haven, Connecticut, where he will visit with his family.

Mr. Luquiens will also attend a reunion of his class (Yale '02). In New York he will attend the summer art conventions.

He will go by way of Vancouver and Canada, which will be his first trip over this route. He is anticipating with pleasure his first view of the Canadian Rockies.

## Prof. and Mrs. Andrews To Leave On June 8

Prof. and Mrs. Carl B. Andrews leave June 8 for the mainland where Prof. Andrews will spend his fourteen months of sabbatical leave from the University of Hawaii. For the first month and a half they will travel in California, then they will go to New York by way of the Panama canal.

Prof. Andrews plans to take special work in civil engineering at the Massachusetts Institute of Technology, and will take a house in Boston within a short distance of the Institute.

## New Instructor

Thomas A. Bailey

## Two-Year Agriculture Will Be Inaugurated

**Will Give Students Early  
Start in Work on  
Plantation**

A new program of agricultural study is to be begun at the University of Hawaii in September, 1927. This is a two-year course in agriculture designed to give the students the essentials in half of the time required in the regular course in agriculture. This short course is intended for those who wish to save two years and get an early start in "working up" on a plantation or in doing independent farming.

This new course does not consist merely of the first two years of the regular course in agriculture now being given at the university. It includes some of the subjects which the four year students take, but most of the subjects are especially arranged for this course. The curriculum for the two years follows:

First year: Horticulture, Animal Husbandry, Biology, Chemistry, Soils, Poultry Culture, English Composition.

Second year: Business English, Feeds and Feeding, Tropical Crops, Plant and Animal Breeding, Irrigation, Farm Management, Choice of Sugar Cane Study, Pineapple Study, Dairying, Poultry.

## Food Economics Girls Prepare Neat Luncheon

The class in Food Economics, after planning and preparing several lunches for class members only, planned and served a luncheon for guests. Each two girls prepared and served a luncheon at which there were two members of the class and two guests.

The prime requisites of these lunches were that they should contain milk and fresh fruit or vegetables. The cost per person for food alone could not be more than twenty five cents.

Two good examples of the luncheons prepared were those given by Miss Venus Gay and Miss Chung, and Miss Eva Fleener and Miss Alice Dennison. The menus were as follows:

Moulded salmon with cucumber and celery, baking powder biscuits, orange milk sherbet, and rock cookies. Cost 20c per person.

Cream of tomato soup, toasted crackers, pineapple and cheese salad, whole wheat bread and lettuce sandwiches, orange whip, and ice box cookies. Cost 25c per person.

Miss Sadayasu and Mrs. Tayler prepared a luncheon which had a Japanese dish as the main course. The menu was suki yaki, rice, pineapple whip, and hot tea. Cost 20 cents per person. This luncheon contained no milk, but it was considered that the tofu and suki yaki which are bean products, partly made up of this lack.

## Thomas A. Bailey Is Appointed Instructor

**Stanford Orator and Phi  
Beta Kappa Man Will  
Teach Here**

Thomas Andrew Bailey, who will receive his Doctor of Philosophy degree from Stanford University this year, has accepted an appointment to the faculty of the University of Hawaii, according to a wireless received by President David L. Crawford recently.

Bailey will join the department of history and political science, under Dr. Karl C. Leebrick, it is announced. He will come to Honolulu in the summer to take up his new duties at the beginning of the new school year.

A Phi Beta Kappa man, Bailey is regarded as one of the best students to graduate from Stanford. In his junior year he was the class orator, and he has also been a member of the varsity debating team, winning quite a reputation as a public speaker.

## S. C. Jain Entertains

### Faculty At Dinner

Members of the faculty and their wives were dinner guests of S. C. Jain at the Pleasanton Hotel on Saturday evening, May 14. The outer lanai was reserved for the occasion and the tables were decorated with corsage bouquets for the ladies and with flowers of many colors. The place cards bore the name of each guest not only in 'haole' but in neat characters of the host's native tongue.

### Mrs. Rugh Plays

After dinner Mrs. Dwight Rugh played a couple of violin solos accompanied by Mrs. Paul Kirkpatrick. Miss Frances Fox, Fred Paoa, and U. K. Das gave several Hawaiian selections with ukulele and guitars. To lend grace to the occasion, the tables were lighted with candle light. The evening ended with Aloha Oe.

The guests present were President and Mrs. D. L. Crawford; Dean and Mrs. A. R. Keller; Dr. and Mrs. W. C. Smith; Mr. and Mrs. Mesdames Dillingham, Henke, Dwight Rugh, G. H. W. Barnhart, Burt A. Tower, S. C. Lee; Dr. and Mrs. Paul Kirkpatrick; Mrs. Elsie Lydick; Dr. Earl Bilger; David Penhallow, Frederic Paoa; Upendra Kumar Das; Otto Degener; Miss Beatrice Krauss and Miss Frances Fox.

## Misses Widdifield Honor Miss McKeever

Miss Ethel and Miss Jean Widdifield were hostesses at a lunch and shower for Miss Olive McKeever on Saturday, May 14.

The guests were seated at small tables and progressed, as in bridge, between courses. After the lunch was over a basket was placed before Miss McKeever. Each package contained "a pair" of something.

The guests were Miss Eileen Waterman, Miss Cathleen Olding, Miss Dorothy Waldron, Miss Dorothy Anderson, Miss Imogene Benton, Miss Grete Gludd, Miss Doris Hair, Miss Leilani Rohrig, Miss Alice Denison, Miss Eileen Carter, Miss Clari Coney, Miss Christine Doty.

## Ross Smith Bean Will Replace Otto Degener

Otto Degener, instructor in botany, has been granted a leave of absence for one year. Degener will be replaced by Ross Smith Bean, a graduate student at the University of California, President D. L. Crawford announced.

Bean will arrive here late this summer to take over his duties as instructor in botany.

## HAWAII TO DEBATE OREGON UNIVERSITY DURING NEXT FALL

**Mainland Team Will Stop  
Locally on World  
Tour**

## FIRST CONTEST HERE

**Three Men Chosen to Make  
Forensic Expedition**

Arrangements have been completed for a debate between the University of Hawaii and a team from the University of Oregon, which is making a debating tour around the world during the latter part of this year and most of next.

Correspondence has been carried on between Prof. J. M. Baker, of the University of Hawaii, and the forensic manager of the University of Oregon, and although no definite date has been set, a meeting between the two universities is assured and will take place either in October or November.

### First Debate

The University of Hawaii is the first institution which the Oregonians are scheduled to meet, and while no topic has yet been selected, it is understood that tryouts will be held at the opening of the next semester.

As far as is known this is the first time that a university of the United States has attempted to send a debating team around the world.

### Great Interest Taken

According to word received from Oregon, considerable interest and enthusiasm has been created on the campus at Eugene. Negotiations have been carried on between the manager of forensics at Oregon and universities and colleges in Australia, Scotland, England, perhaps India, and with many institutions in the United States, besides the University of Hawaii.

Favorable replies have been received from most of the institutions, and the Oregon debaters are looking forward to a successful tour.

## Merlyn Forbes '24 Is Chosen Aggie Director

Merlyn Forbes, a 1924 graduate of the University of Hawaii, has been appointed as director of agricultural extension work at this university, it is announced.

The extension division of the university will be separated into two departments, general and agricultural. Forbes will direct the agricultural department.

### Work of Department

The work in the agricultural extension department will be concerned primarily with general educational work in agriculture, getting the university in close contact with homesteaders, small farmers, and plantations. Forbes will take charge of the Extension Letter and other printed matter concerning agriculture.

## Percy Lydgate Elected Head of Commerce Club

Percy Lydgate, president-elect of the A. S. U. H., was chosen to be president of the Commerce Club during the coming year at the annual election of the organization held a week ago.

K. Yokoyama, a junior, was elected vice-president; Edward Keyes, secretary; K. Y. Ching, treasurer.

## Miss Caldwell Appointed Instructor In English

Miss Flora Caldwell, who was awarded a Master of Arts degree by the University of Hawaii in 1926, is returning to the university as an instructor in English, according to an announcement made this week by the President.

### OUR ELECTIONS

That the results of the ballots cast in the annual elections held recently showed an apparent lack of racial prejudice or discrimination, is a matter of congratulation for us all. True, there were undoubtedly some students who voted along race or color lines, but the vast majority of the students made no such discrimination, casting their votes for those whom they thought to be best fit for the various positions.

### A COOPERATIVE STORE?

What do you think of the proposal to operate the university book store on a cooperative basis? Do you think that it would be advisable to turn the management of the bookstore over the A. S. U. H., through a graduate student manager? Ka Leo will be pleased to get an expression of your opinion in the Open Forum columns.

### KA PALAPALA EDITOR

Few students realize the tremendous amount of work that the editor of Ka Palapala has to do. He has a staff, yes. But the publishing of the book is the result of his individual efforts more than the combined efforts of the rest of the staff. He does not get a cent for his labor. We must pause here to extend him the thanks of the student-body, and our hopes that the executive committee will suitably remember him for his work.

### CONGRATULATIONS

We congratulate the four students who were chosen at the annual A.S.U.H. executive elections. They have been elected to a very important board. May they prove worthy of their election.

We congratulate Merlyn Forbes, ex-president of the A.S.U.H., and a graduate of 1924, in his appointment as director of the newly created agricultural extension department. We congratulate Miss Flora Caldwell, who received her M.A. from the University of Hawaii in 1926, on her appointment as an instructor of English here. We welcome Forbes and Miss Caldwell back to their Alma Mater.

## A New Star Spangled Banner

A day will come when a cannon will be exhibited in museums, just as instruments of torture are now, and the people will be astonished that such a thing could have been.—Victor Hugo.

Oh say will you hope for the dawn of the day  
When the War-lust has fled from the hearts of a Nation?  
And no more will men rush to the perilous fray,  
But with Peace all unite in a world-federation.  
Then no rockets of war, nor bombs bursting afar,  
Will we hail the bright beams of Humanity's star,  
And the Star-Spangled Banner of Peace will yet wave  
O'er the Lands cursed with war that we still hope to save.

How the dreamers have dreamed of a Peace-loving Age  
When the sword and the spear into farm-tools were turning;  
And the fire-sparks of HOPE in the Prophet and Sage  
Were forever aglow, and in hearts still are burning.  
Why the embattled hosts? Why should legions be lost;  
And your victories won at a terrible cost?  
Yes, the Star-Spangled Banner of Peace will yet wave  
When your sons will not fill the dead warrior's grave.

See your Heroes of Peace how unmoved they will stand,  
And forever protest 'gainst a war's desolation;  
'Tis the Souls of your Men, not the Guns of your Land,  
That, at last, make the might and the strength of a Nation.  
Friends of Peace that we are, not the victors of War,  
REASON ever will win what the world's fighting for.  
Oh! it must be the flags of the world will yet wave  
O'er the Heroes of Peace who are truly the brave.

—B. Franklin Hunter.

### CATHOLIC CENTENNIAL

Ka Leo takes this opportunity to extend its congratulations to the Catholic Sisters and priests and people of this community on the event of the first Catholic centennial. The unselfish service of the first French Catholic missionaries was a step in the educational progress of these islands which has indirectly played an important part in the establishment of the present educational system in the islands. The beautiful oratorio written by the Rev. Father Reginald tells the story of Father Damien's life of service among the lepers, and we recommend it to you as example of the true spirit of Christianity which inspired these early missionary brothers, priests and nuns, who have devoted their lives to unselfish labor.

### WE LIVE BY FAITH

It may be pertinent to ask this little question anent the controversy over the soul's immortality now being waged in a local daily paper: Shall the instinct of the bird and the bee be true, and the instinct of the human heart that gropes after a Creator and Sustainer be false? What is human personality if not a mooring post from which we cast our lines out toward the Eternal? Shall man's instinctive faith in the precious value and eternal permanence of his soul be denied? If so, why do we insist on living by faith?

### FRESHMAN INITIATION?

As we draw to the close of another academic year, we look across the span of the summer months to the coming new year. With each fall session is associated the traditional custom of freshman-hazing. This fall President Crawford will seek to introduce a new policy in regard to the incoming neophytes. Freshman Week will be held before the university opens its academic year. During this Week the new students will be given good counsel and helpful information, which will assist them to swing into our university life without unnecessary delay. Hazing? How much better it is to extend a helping hand of welcome to the freshmen, and to seek to make them glad and proud to be university students!

## Executive Committee Passes Amendments

At the last regular meeting of the Executive Committee of the A. S. U. H., it was decided that the A. S. U. H. By-Laws be amended as follows:  
That a new clause (c) under Article I A. S. U. H. By-Laws be added.  
This clause to read:  
(c) Restriction on Awarding of Insignia.

Section 1. No person shall be awarded an insignia in any sport if he has not passed in at least 75% of the work for which he was registered in the semester during which he competed.  
Section 2. An insignia, may however, be awarded to a person, who did not pass 75% of the work during the semester in which he competed, after he shall have, during the following semester, satisfactorily removed the deficiencies against him.

It was also decided by the Executive Committee that Article II—Eligibility be changed to read:

Article II—Athletic Managers Major Sports. Section 1. Athletic managers and his assistants shall be chosen at the discretion of a committee consisting of the Athletic Director of the University of Hawaii and the Coach and Captain Elect of each respective sport with the approval of the Executive Committee and their decision shall be unanimous.

Section 2. The Manager and his assistants shall be chosen according to merit, which shall include the following:

(a) Scholastic (b) Ability (c) Interest (d) Character.

Section 3. Regular scholastic Students and Special Students shall be eligible and shall be judged on the same basis.

Section 4. The Manager and his assistants excepting football shall be chosen at the beginning of the school year.

The Football Manager and his assistants shall be chosen at the end of the school year previous to the one during which he assumes his duties.

Section 5. The System of choosing the Manager and his assistants for each respective sport shall be as follows:

(a) Football:  
1. There shall be chosen one Manager, who shall be Manager of FOOTBALL.  
2. His assistants shall be as follows: There shall be two scholastic Juniors, three Scholastic Sophomores, and three Scholastic Freshmen chosen as assistants.

3. The Senior Manager for the following year shall be chosen from the Junior or Sophomore Assistants.

(b) Basketball:  
1. There shall be chosen one Manager and he shall be Manager of Basketball.

2. His assistants shall be as follows: One Junior and two Sophomores.

3. The Manager for the following year shall be chosen from the Junior or the two Sophomore assistants.

(c) Track:  
1. There shall be chosen one Manager and he shall be Manager of Track.  
2. His assistants shall be as follows: Two Juniors, three sophomores, and three Freshmen.

3. The Manager for the following year shall be chosen from the Junior or Sophomore assistants.

(d) Baseball:  
1. There shall be one Manager and he shall be Manager of Baseball.

2. His assistants shall be as follows: One Junior and two Sophomores.

3. The Manager for the following year shall be chosen from the Junior or Sophomore assistants.

And that Article III—Student Publications be changed to Article III—Eligibility,

And that Article IV—Accounting be changed to Article IV—Student Publications,

And that Article V—Athletic Management be changed to Article V—Accounting,

And that Article VI—Student Publication Management be changed to Article VI—Athletic Management,

And that Article VII—Delegation of Powers be changed to Article VII—Student Publication Management,

And that Article VIII be made to read: Delegation of Powers.

March of Science.—A scientist says that soon we shall be able to see people at the other end of the telephone. Is it too much to hope that one day we shall be able to hear them?

## Prof. Donaggho Turns Poet In Pi Rhyming

Prof. Otto Dunkel, of Washington University, St. Louis, has supplied us with a complete French rime for remembering the value of Pi to thirty decimal places, the number of letters in each word representing the digit in the proper order. It is from *Elementar Lehrbuch der Algebraischen Analysis und der Infinitesimalrechnung*, by E. Cesaro, translated into German by G. Kowaleski, Leipzig, Teubner, 1904. The first line was published in the *Science News-Letter*, X, p. 111, (Nov. 13, 1926):

Professor Donaggho turns in the following version which he composed himself:

### Pi (II) Rhymes

Now I read a rhyme expressed in

verses clear,

The ratio circular expanding (science

And if old Ludolph's very number do

appear,

Then 'tis but Egyptian art or ancient

## Traveling Fashions Described By Student

By MISS M. G. LUEBBERMANN

Are you going to the mainland or Europe and the Orient for the summer? Or, perchance, are you preparing to attend college next term in a cooler climate than our own? It may be too that you like to plan your things ahead of time. In any of the above cases you will be pleased to know that the Household Arts department has received the advance forecast of fall fashions and submits them to you for your approval.

The color schedule for fall silks highlights autumn leaf shades. Most autumn leaves are yellow and coppery, and both these casts as well as deep brown, are important in the color program.

### Apron Lines Adopted

At front is the verdict in the matter of placing fullness in skirts. An interesting development is the apron lines adopted in many cases.

Fall coats are making an effort to spread the silhouette. Sometimes fullness is accomplished by means of pleats and others show definitely flared treatments. Slashing the back, at the centre, from the lower edge to a little below the hips is another device for altering the silhouette.

Belted line takes a place in fall coats, in martingale effects for semi-formal types, and full belted types for sports. Vionnet contributes a coat collar that is decidedly different, answering the description of semi-detached yoke, loosely swathed in folds. It is done in fur, of the float haired type.

### Signs of Elegance in Sports

Silk velvet goes sport! Last year velveteen was an important note in sports apparel. This year silk velvet takes the same course. Printed silk velvets made with an eye to their adaptability for sports wear are newcomers of the past weeks. The patternings are designed particularly to suit the sports atmosphere. The satin sports dress is an interesting feature for mid-summer offerings used in the sleeveless styling. Pastel shades and especially hydrangea shades are chic. Cut out trims for monograms are their new trimming note. The pure silk sweater is the darling of the moment, while contradictory in acclaim is the preference given the wool crepe skirt as opposed to the silk skirt.

### Jersey Copies Crepe Satin

The new jersey fabrics lately launched are constructed in such a way that the upper surface and back provide sufficient contrast to justify its use much in the same fashion as crepe satin where the reversed side, dull in contrast to the lustrous face is used in decorative bands. Some fall frocks combine wool jersey and satin using the latter for trims.

Reminiscent of the nun's veiling of our grandmother's day are the new coats and suits of transparent wool voiles, posed over printed silks. In several instances, the current wool voile coats repeat the idea of olden days when frocks of nun's veiling were made over taffeta foundations, by having linings of taffeta and geometric band trimmings.

The latest record made in diminishing the weight of woolen cloths is 3.3 ounces in 54 inch widths.

# HAWAII TO DEBATE OREGON IN FALL

## Arrangements Made For Coming Contest

### Mainland Team to Debate Their Way Around World

(Continued from Page 1)

Tryouts to select those making the trip were held recently at the University of Oregon. The following is a clipping from the daily publication of the University of Oregon:

"Jack Hempstead, Benoit McCroskey, and Avery Thompson are the three men chosen to represent the University of Oregon in its debate tour which will take them to most of the English speaking countries of the world. Tryouts were held Saturday morning, all students excepting freshmen were eligible, and speeches were limited to six minutes.

"The tour will start, according to present plans, about the first of October, and the debaters will not again reach the Pacific coast until the following May, 1928. They will leave the west coast and re-enter the United States from across the Atlantic. This is the first time a debate team from the United States has ever undertaken a project of this democratic nature. Consumption of remaining arrangements lies with the members who are to go.

#### Mark Taylor Alternate

"Mark Taylor, alternate, is a junior in pre-law and has been a member of the varsity debate team for two years. Hempstead, junior in journalism, vice-president of Delta Sigma Rho, debated on the varsity team for two years, and has represented Oregon in oratory two years, having won the national peace oratory contest. Thompson, sophomore in pre-law, was a member of the freshman debating team last year, has been a members of the varsity team this year and represented the University in oratory. McCroskey is a 3-year veteran debater, two year orator, and president of Delta Sigma Rho. He is a junior in pre-law.

#### Team Will Be Trained

"James H. Gilbert, acting dean of the college of literature, science, and the arts; J. K. Horner, coach; and Dan Clark, dean of the extension division, were the judges who selected the members of the team. The three debaters will be trained by J. K. Horner and J. Stanley Gray, oratory coach, until their departure. They will use the Oregon cross-question style of debate whenever possible.

"The tour has the support and sanction of University officials, and the team members will help finance the trip by working on board ship and wherever possible. Competition will be with the University of Hawaii, and probably will include forty other matches, in Australia, Scotland, England, Canada, and the United States. There is a possibility of meeting an English institution in India and Egypt.

#### Debates Arranged For

"Unofficial negotiations have been carried on with the British empire institutions along the route, but beginning next week a contract will be mailed to the proposed opponents. The University of Hawaii manager has promised to guarantee \$125, Hempstead, general forensics manager, said. The Australia Students Union has practically promised six matches with a guarantee of accommodations and entertainment, with prospects of a financial remuneration.

"All universities in Scotland have assured the Oregon team of competition through Andrew V. Haddon, of the University of Edinburgh, who is convenor of debates and speaks for representatives of the institutions there. The universities in England will be dealt with individually; there the National Union of Students favors the project but is not in a position to take official action. However, in view of the relationship between Oregon and the Oxford debate team it is probable that matches will be satisfactorily arranged.

"Negotiations will be completed after the tour has gotten under way for a series of American contests enroute across the continent. The men realize there are so many angles which need to be worked out that it will require much preliminary detailed work before its completion."

## Two-Year Course Is Planned For Aggies

(Continued From Page 1)

Although the graduates of the two year course are not given any degrees, diplomas will be awarded by the university. In order to earn the degree, it will probably require three years for the graduates of the two year course.

The entrance requirements for this course are the same as for any other course. A candidate must be a high school graduate with at least 15 acceptable credits, except that adults who are capable of carrying on this work may enter without the 15 credits.

Plantation managers, business men, and friends of the University are already commenting favorably on this innovation. The plantation managers especially are enthusiastic over this course because in the near future men with special training in scientific agriculture will be in great demand. Several of them have already expressed their opinions that the graduates of this new two year course in agriculture will have no difficulty in finding employment, for there are openings for trained men.

## Professor Lee's Chart Featured In Yearbook

That Prof. S. C. Lee's chart on the "Development of Chinese Culture" will appear as a special feature in this year's issue of the Chinese Students Alliance annual, is the latest announcement from Alfred Aki, chairman of the editorial board which is putting out this year's book.

The chart gives a comprehensive and sweeping review of Chinese civilization from 2852 B. C. up to and including 1912 A. D. With it, any person can point to a definite time in Chinese history and trace all world events which happened at that same time. The chart is retailed at 90 cents at the book store. Purchasers of the annual this year will be getting a bargain, Aki stated.

"Besides getting more than 50 cents worth of splendid reading material and souvenir, they're getting an extra 90 cents worth of solid history, and all for the price of half a dollar for students and one dollar for others," he concluded.

The C. S. A. annual will be out this Friday noon.

Students and faculty members who desire to subscribe to the annual are asked to turn their names in to one of the following persons: Miss Ruby Leong, Miss Eva Young, Miss Margaret S. Wong, Abraham Ng, Edward Leong, and Alfred Aki.

## University Cadets Named For Camp

Cadets who will attend the annual senior R. O. T. C. camp, to be held this year at Schofield Barracks from June 6 to July 16, have been announced by Lieut. Col. Adna G. Clarke, professor of Military science and Tactics.

It Positively Isn't Done.—"Baby's getting on wonderfully—I'm sure she'll be able to walk soon."

"D'you think it's worth the trouble of teaching her—hardly anybody walks much nowadays."

Souvenir for Wayne McVeigh.—MINISTER: "I hear, Paddie, they've gone dry in the village where your brother lives."

PADDIE — "Dry, mon! They're parched. I've just had a letter from Mike, an' the postage-stamp was stuck on with a pin."

Grammatical Doggums.—"Lay down, pup; lay down!" ordered the man. "Good doggie—lay down, I say."

"You'll have to say 'Lie down,' Mister," declared a small bystander. "That's a Boston terrier."

**LIFE**

Life is an archer, fashioning an arrow With anxious care, for in it life must trust;

A single flight across the earthly spaces Straight to the throat of death—one conquering thrust!
